Product Designer with experience in designing scalable, usability-driven digital products across B2B and B2C domains.

Experience

UI UX Designer at TAS India Pvt. Ltd. — Pune, India

June 2025 – Nov 2025

- Led the strategic redesign of Industry 4.0 applications (OTConnex, iNexFlo), transforming complex SCADA data into intuitive dashboards and improving operator decision-making speed by 30%.
- Collaborated with engineering teams to design and implement HMI interfaces while maintaining high usability standards for industrial users.
- Optimized corporate digital platforms for responsiveness and UI consistency, resulting in increased user engagement.

Client Work (Independent Designer) — Remote

Feb 2024 – May 2025

- Designed and optimized Shopify storefronts and user journeys for D2C brands, increasing sales conversions by 20%.
- Led brand identity, design systems, and content design for startups and creators, improving market credibility, CTR, and audience retention by up to 75%.

UI UX Designer Intern at ORU Phones — Remote

Nov 2023 – Feb 2024

- Redesigned key user flows for the mobile marketplace, simplifying navigation and reducing friction in the phone resale journey.
- Conducted heuristic evaluations to identify usability gaps and aligned design solutions with business goals.

Associate Engineer at NCS Groups — Pune, India

Jan 2022 – Aug 2023

- Designed and prototyped enterprise application interfaces with a focus on information hierarchy and complex interaction flows.
- Supported accurate UI implementation using HTML5 and CSS3 in collaboration with development teams.
